

223.6 acres Jefferson County, GA

223.6 acres | Belmont Road | Jefferson County, GA | 30434

This approximately 223.6 acres in Jefferson County on Belmont Road is a diverse mix of mature planted pine, hardwoods, creek and wetlands, cutover and a 11-acre row crop field. A nice stream with interspersed wetlands flows down to the Ogeechee River just off the property.

This tract has been managed well for future timber returns and combined with the excellent hunting found in Jefferson County, particularly near the Ogeechee makes for a rare find for the hunter/investor.
