Re: Release Determination Activities at Max's Café, 100 Frio Street, Tilden,
McMullen County, Texas
Regulated Entity No. RN101888709; Customer No. CN605585009
PST Facility ID No. 57242; RDR ID No. 32041; R - 16

Dear Mr. Brown:

The Texas Commission on Environmental Quality (TCEQ) has reviewed the Release Determination Report dated August 5, 2022. The information provided does not appear to indicate that a release in excess of action levels has occurred from the storage tank system where the data were gathered. With the provision that the submitted information is correct and representative of actual site conditions, we concur that no further action is required relative to the above-referenced activity.

Please note that if underground or aboveground storage tanks remain or are installed at this site, they continue to be subject to TCEQ tank registration, self-certification, financial assurance, and technical standards provisions.

Should you have questions, please contact James Garner, the Project Manager, at (512) 239-2256 or james.garner@tceq.texas.gov. Your cooperation in this matter has been appreciated.

Sincerely,

A handwritten signature in black ink, appearing to read "DL", written over a white background.

Danielle Lesikar, Team Leader
PST/DCRP Section
Remediation Division
