## VIDEO TOUR

## PROPERTY DESCRIPTION:

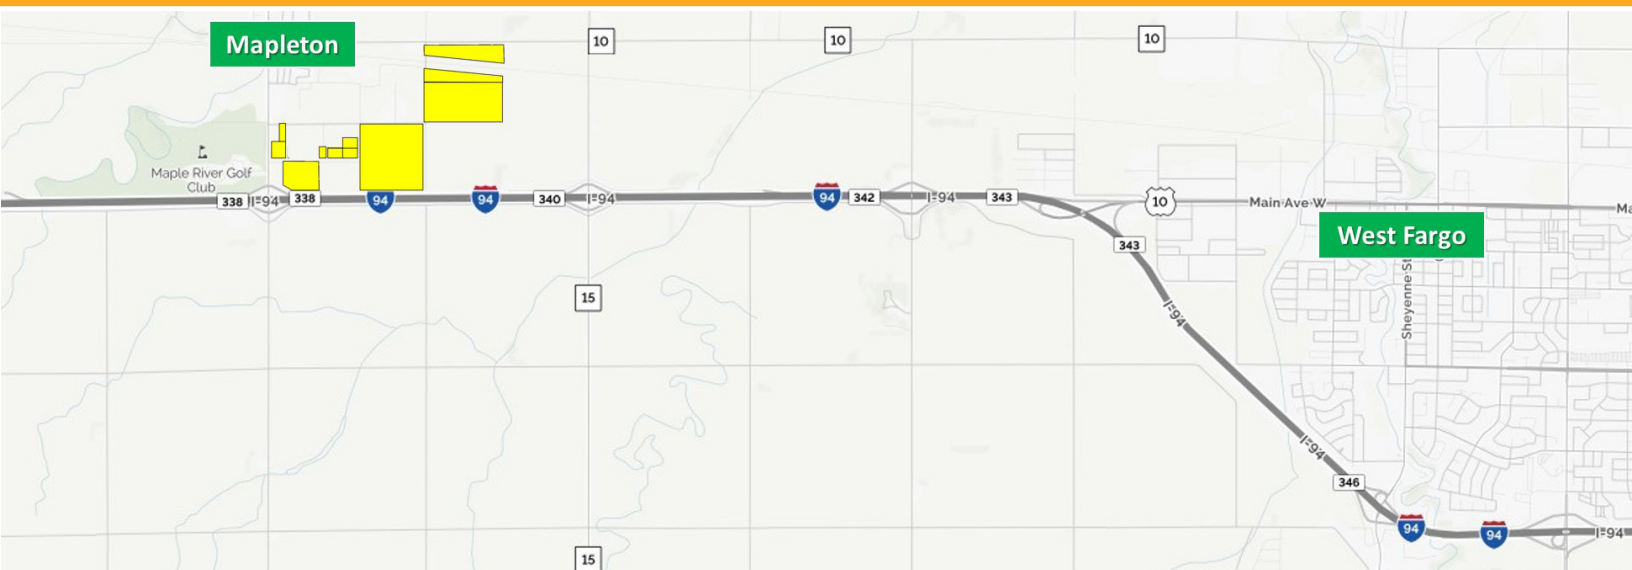

Just off I-94 and only minutes west of Fargo & West Fargo, this new Development Park offers superior accessibility and visibility at a fraction of the cost for land within the FM metro. Most developed lots are within a TIF district, with the potential for buyers to obtain TIF approval from the city of Mapleton that could eliminate the already low assessed specials.

Lots are located on a new 80,000 lb. concrete road. Most lots require little-to-no fill as the development is completely out of the 500 year flood plain.

Over 100 acres of un-platted expansion land is also available for future development or large-scale users, including potential rail access near Highway 10.

\*(Agricultural land is not out of the floodplain.)

This information has been secured from sources we believe to be reliable, but we make no representation or warranties, expressed or implied, as to the accuracy of the information. Interested parties should conduct their own independent investigations and rely only on those results.
