

Directions for Dryden 93:

1. Traveling on US HWY 90, turn left onto Dingler Road ~14 miles after passing through Dryden. If traveling from the South, turn right onto Dingler Road ~28 miles after passing through Langtry.
2. Open and close gate (unlocked).
3. Drive down Dingler Road until reaching the powerline road. Turn right onto this road (if barbed wire gate is closed, open and close behind you to keep cattle in).
4. Drive down powerline road (eastward). The property is on the left and begins after the 8th utility pole of this road (this number includes the pole on the left side of the road when turning right onto road), marked by a T-post. There are four utility poles within the property boundary lines while driving down this powerline road.

Beginning of property after turning onto powerline road from Dingler.

After four utility poles, end of the property is marked only by silver property survey marker in ground.
