WELCOME TO THE QUITMAN 37.4

WELCOME TO THE QUITMAN 37.4 LOCATED JUST WEST OF MARKS, MS IN THE HEART OF THE MISSISSIPPI DELTA. This tract is made up of almost 100% tillable ground (36.10± Acres according to FSA) currently planted in cotton. The dry land soils are primarily Class 2 & 3. This farm tract has a long-time farming tenant, but the current lease expires after the 2024 planting season. The farm enjoys 1,600+ frontage feet along the west side of Clayton Road with multiple access points. The utilities in this area are provided by Entergy Mississippi (Electric) & Big Field Water Association. Approximately 50% to 60% of the property is located within the FEMA Flood Zone. The deer hunting in this area is excellent and with some planted buffers along the public road, this property would be no different (check out the trail camera photos).

If you have been looking for a small farm to add to your agricultural practice, a small investment to add to your portfolio, or a satellite farm with recreational opportunities, call Michael Oswalt for your private tour today.
