

Aerial Overview

Property Description

PROPERTY DESCRIPTION

Eshenbaugh Land Company is pleased to offer an 11± acre pad-ready site ideal for Built-to-Rent (BTR) development in Pasco County. The property is fully graded and stabilized, with utilities stubbed and direct access to the master stormwater system, ensuring the entire acreage is net usable. Conceptual plans show 165 cottage units or 294 units of 3-story apartments fit on the site. Located along Setter Palm Road, the site connects to Abby Crossings and Mirada, featuring a premier lagoon amenity. Double Branch Parkway construction plans have been submitted, with infrastructure funded by the existing CDD. Zoned within an MPUD, the site is well-suited for BTR development, with expedited county approvals for a smooth entitlement process. The Pasco County Park Requirement is complete offsite, making this site entirely developable.

LOCATION DESCRIPTION

Double Branch is a 965-acre master-planned community in Pasco County, located at the southeast corner of I-75 and SR-52. It offers exceptional access to major highways and is designed to include a wide range of uses, including industrial, office, retail and residential.

Additional Information

CDD & FEES

There is a master CDD and while assessments for BTR have not yet been approved, but they should be in the range of \$750/annual assessment per unit. Between CDD O&M and Master POA, it is anticipated the fees will equal approximately \$100/month/unit. Final O&M and Master POA fees are not yet determined but are expected to be minimal, as they will cover common area landscaping, irrigation, entry features, wayfinding signs, holiday décor, and similar expenses, split amongst all users.

The roads and stormwater system constructed by the CDD will be conveyed to the County as public infrastructure, with the County responsible for ongoing maintenance, as with any public ROW. The POA will maintain the landscaped areas outside of curb-to-curb to enhance area beautification and support the overall “placemaking” that benefits all users.

EXPEDITATED APPROVALS

EDA/MPUD terms require the County to provide expedited approvals. In addition, zoning, ERP, mass grading, density, utilities, and traffic are all complete and vested. The only approval is final site plan and engineering for the pod.
