Condition(s) of Issuance: See Construction Authorization

An authorized agent of DHHS shall have issued this Improvement Permit after determining that the site is suitable or provisionally suitable and that a system can be installed so as to meet the provisions of the Rules, and items required in G.S. 30A-336(a). An Improvement Permit for which a plat is provided shall be valid without expiration and an Improvement Permit for which a site plan is provided shall be valid for 60 months from the date of issue provided in G.S. 130A-335(f) and G.S. 130A-336(a). The Improvement Permit is transferable to subsequent owners except as provided in G.S. 130A-335(f) and G.S. 130A-336(a).

The Construction Authorization shall be issued by an authorized agent for installation of a wastewater system when it is found that the Improvement Permit conditions and rules of this Section 15A NCAC 18A .1937 are met.

If the installation has not been completed during the period of validity of Construction Authorization, the information submitted in the application for an Improvement Permit or Construction Authorization is found to be incorrect, falsified or changed, or the site is altered, the Improvement Permit and/or Construction Authorization shall become invalid, and may be suspended or revoked.

This Permit Is Valid For: 5 Years
